

AI ERA

OF COMPUTING

AI ERA

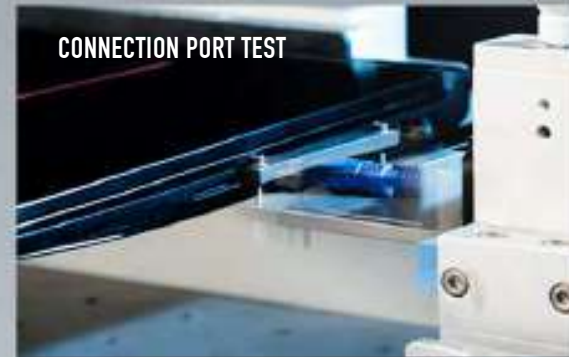

OF COMPUTING

Welcome to the AI-Era of computing.

The MSI laptops are here to bring revolutionary experience that transcends gaming, entertainment and even everyday life. With cutting-edge hardware meticulously designed to accelerate gaming performance and efficiency of daily tasks with AI, along with MSI exclusive software offering a smarter, personalized experience, MSI laptops with AI functionality redefines the way users interact with laptops, unlocks endless potential for every user, and propels the industry into the next frontier, the AI-Era.

MASTERPIECE IN PROCESS

We devoted countless resources to research and development in order to pursue innovative features and ensure the highest level of stability. In order to provide gamers the best gaming experience, well over 1900 rigorous tests are performed throughout the production process.

MOST RELIABLE LAPTOP BRAND

MSI laptops are built with state-of-the-art technology that promises quality and performance that has been continuously well-recognized by media and gamers around the world. With a full range of selection, from portable powerhouses to high-end desktop replacements, every user can expect to have their needs met.

reddot winner 2023

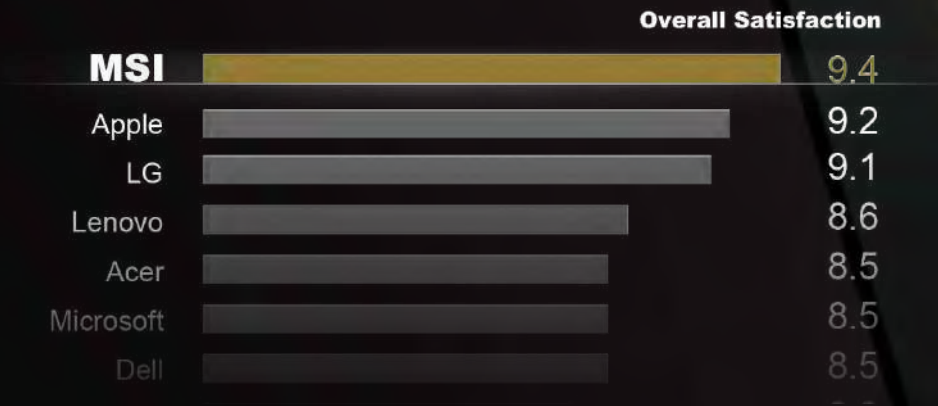

BEST TECH BRAND OF 2023

Readers' Choice Laptop Winner 2021~2023

“Against strong competition, MSI continues to deliver the highest levels of satisfaction to its customers, earning the company its third straight **Readers' Choice Award.**”

No.1 Shipments In Gaming Laptop Market by Digitimes

“Micro-Star International (MSI) shipped a total of 1.2 million gaming notebooks in 2018, fending off the competitions from Asustek Computer with devices from its gaming sub-brands to become the largest supplier in the gaming notebook market in terms of shipments and profitability.” – **DIGITIMES**

TOP 5 BEST LAPTOP

“MSI laptops offer some of the best displays in the business. The company also delivers top audio quality, and scored very well in our reviews category. If you’re into gaming, this is one brand to watch.” – **LAPTOP Magazine.**

STEERING INTO GAMING MARKET

MSI sponsored dozens of global professional eSports teams with top notch MSI Gaming Series in exchange for their precious feedback that helped perfect MSI's products. Solid partnership with MSI led the teams to one impressive victory after another in highly competitive eSports tournaments worldwide. Also, being frequently adopted as official tournament hardware established MSI Gaming Series as one of the best gaming machines of its time.

EMPOWERING THE ELITE

BUSINESS AND PRODUCTIVITY SERIES

The Business and Productivity series provide products with a steady appearance, higher-level information security, and better performance for business elites. With a wide range of product selections. MSI offers reliable solutions ranging from business enterprises to individuals that seek to work more efficiently.

EXTENSION OF INSPIRATION

CONTENT CREATION SERIES

We have dedicated ourselves to the designer community, collaborating with animators, film makers, visual artists, and photographers. With a shared effort aimed at helping and inspiring each other, MSI continues to be the beloved brand by designers worldwide.

Creator Awards
Trophy

The 2023 MSI Creator Awards winners have been revealed, featuring outstanding creators in Graphic Design, Film, and Animation.

From over 2,000 global entries, an expert jury faced the challenge of selecting the best. Top winners received an all-inclusive trip to Adobe MAX 2023 worth over \$5,000 and were honored as MSI Ambassadors. Their works were showcased at the MSI booth during Adobe Max.

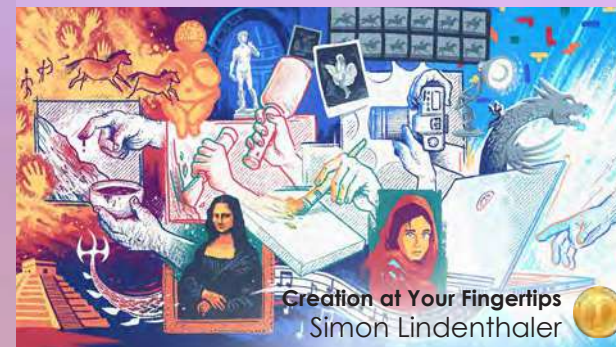

MSI also hosted informative online sessions led by category judges, offering valuable insights and techniques to the creative community. Congratulations to all participants for their remarkable artwork! Scan the QR Code to discover these captivating creations, and we look forward to seeing you next year.

NEXT-GEN PERFORMANCE HYBRID UP TO INTEL® CORE™ ULTRA 9 PROCESSOR 185H

The latest Intel® Core™ Ultra 9 processor 185H represents a groundbreaking advancement in processing power, featuring Intel's first integrated NPU for power-efficient AI acceleration and local inference on the laptop. With cutting-edge architecture and a high core count, it offers unprecedented performance for a wide range of applications, from gaming to scientific computing.

6 P-cores **8 E-cores** **2 Low Power E-cores**

NPU inside **Up to 5.1 GHz P-core Max Turbo Frequency**

PEAK PERFORMANCE FOR GAMERS UP TO INTEL® CORE™ i9 PROCESSOR 14900HX

Introducing the powerhouse of gaming performance – the powerful Intel® Core™ i9 processor 14900HX designed to take your gaming experience to the next level. With its high core count and blazing clock speeds, this gaming CPU is engineered to provide the speed and responsiveness that gamers crave.

24 Cores **8 P-cores + 16 E-cores** **200W** Maximum Turbo Power

Up to 5.8 GHz P-core Max Turbo Frequency

GEFORCE
RTX

GEFORCE RTX 40 SERIES LAPTOPS BEYOND FAST FOR GAMERS AND CREATORS

FURTHER WITH AI, FASTER ON RTX

GeForce RTX™ GPUs feature specialized AI Tensor Cores. From enhanced creativity and ultra-efficient productivity to blisteringly fast gaming, the ultimate in AI power on Windows PCs is on RTX.

NVIDIA DLSS 3 : ENHANCING RAY TRACING WITH AI

NVIDIA DLSS is constantly evolving, and is available today in over 330 released games and apps. Now, we're unveiling NVIDIA DLSS 3.5, featuring Ray Reconstruction, our newest innovation that enhances ray tracing with AI.

*Captured with GeForce RTX 4090 at 3840 x 2160, highest game settings and RT Overdrive mode

RAY TRACING : HYPERREALISTIC. HYPERFAST.

The Ada architecture unleashes the full glory of ray tracing, which simulates how light behaves in the real world. Experience incredibly detailed virtual worlds like never before.

OPTIMIZED POWER AND PERFORMANCE

NVIDIA Max-Q is an advanced suite of AI-powered technologies that optimize your system for peak efficiency. This enables blazing-fast laptops that are thin, quiet, and have amazing battery life.

*Cyberpunk 2077 image captured on a desktop with new Ray Tracing: Overdrive Mode ON, shown for illustrative purposes only. Actual performance varies by system.

MSI AI ENGINE | SMARTER THAN EVER

MSI laptops set a new standard with our exclusive MSI Intelligent Technology – the MSI AI Engine. This innovation takes automatic tuning to a whole new level. With simple AI-adjustable system modes and resources, you can focus on your creative work and entertainment. AI Noise Cancellation also enhances your audio and visual conference quality. Furthermore, AI Artist text prompts to image services are made possible on this software.

*MSI AI Engine & AI Artist will be provided through an early 2024 update. The interface and functionality may differ due to version change.

MSI AI ENGINE

MSI AI Engine is able to detect user scenarios and automatically adjust hardware settings to achieve the best performance.

Intelligent Gaming

Intelligent Meeting

Intelligent Entertainment

Intelligent Work

AI NOISE CANCELLATION PRO

Elevate your video conferencing with our advanced solution featuring three built-in microphones for precise directional recording. Enjoy 360-degree omnidirectional audio pickup, akin to a pro speakerphone, while automatic noise reduction enhances sound quality. Monitor microphone performance visually on the intuitive UI.

AI-ARTIST TEXT-TO-IMAGE GENERATION

AI accelerating productivity: Image generation on “Client based”

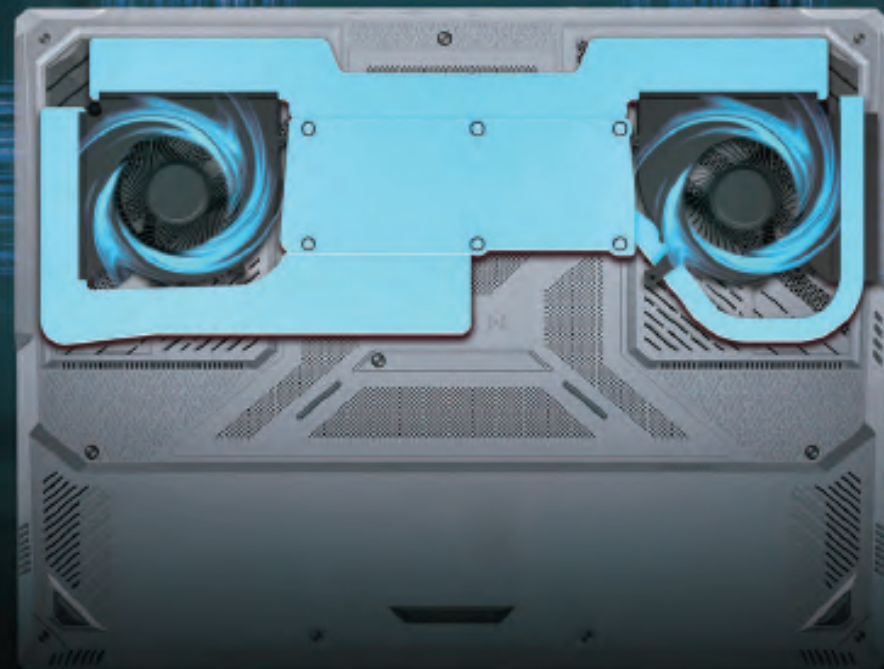

*AI Artist generation speed and available features may vary depending on hardware specifications.

PERFORMANCE 

EXCLUSIVE COOLER BOOST TECHNOLOGY STAY COOL, STAY POWERFUL

With an Enormous Vapor Chamber cooler design and utilizing MSI's expertise in temperature-performance optimization, Titan 18 HX reaches unmatched performance milestones through the integration of four vents and 3D cooling stand on the bottom side.

*For Titan 18 HX only.

PERFORMANCE 

99.9Whr

World's Largest
Battery Capacity

ARMED WITH POWER THAT LASTS

Packed to the legal flight limit, the 99.9Whr large battery capacity provides longer runtime and sustained power in unplugged circumstances.

*For specific models only.

VISUALS 

VISUALS 

2,000,000 : 1
Contrast Ratio

MINI LED 4K 120HZ DISPLAY

With ultra-high resolution, the Mini LED 4K 120Hz display takes realism and details to the next level. The AmLED ACR (Ambient Contrast Ratio) ensures that image colors remain bright, vivid, clear, and saturated even when used next to windows or even under direct sunlight. The highest level of DisplayHDR 1000 provides more visibility in color gamut.

*This specification may vary by model.

16:10 QHD+ 240HZ GAMING DISPLAY

With 16:10 display supporting QHD+ 240Hz, which users not only see accurate realistic coloring, but also can play games with minimal motion blur for a remarkable visual experience.

*This specification may vary by model.

STREAMING ⇄

WIRELESS REIMAGINED

The latest Wi-Fi 7 network speed packs more data into each transmission, making it significantly faster. Its potential maximum data rate of nearly 5.8 Gbps, which is 2.4x faster than the 2.4 Gbps speeds with Wi-Fi 6/6E, making it easy to stream high-quality video, or downloading large files in less time than the best legacy Wi-Fi technology, accomplish your tasks at breathtaking speeds.

*This specification may vary by model.

STREAMING ⇄

Webcam Shutter

IR FHD CAMARA WITH HDR & 3D NOISE REDUCTION+ (3DNR+)

MSI leads the market to provide the most crystal clear and sharp 1080p web camera, with IR function to support Windows Hello. Moreover, MSI AI solution - the 3D Noise Reduction+ reduces signal noise and increase image quality under poor lighting conditions. Now there is no need to connect an external webcam, just boldly stream your gameplay with the build-in one.

*This specification may vary by model.

AUDIO 

ELEVATE YOUR AUDIO

Experience and listen to audio the way it was intended and share it with Nahimic in-game 3D surround & Sound Sharing via Bluetooth. With brand new Easy Surround, It helps you connect to any of your bluetooth speakers and use it as a surround speaker for more immersive experiences!

*This specification may vary by model.

Sound by

CRISP TREBLE & POWERFUL BASS**

AUDIO 

2 Speakers

4 Woofers

The 6-speaker sound system designed by world-class audio solution provider Dynaudio, featuring two dual force-canceling speakers and two pairs of woofers to hear both high & low notes clearly.

*This specification may vary by model.

GAMING SERIES

**CHERRY** MECHANICAL KEYSWITCH
TECHNOLOGY

EXPERIENCE EVERY CLICK

Enjoy every tactile feedback. The Titan 18 HX comes with a unique Cherry MX Ultra Low Profile mechanical keyboards specifically tailored for laptops with ultra-slim form. The keyboard features a two-piece keycap structure and cross-point contact system to ensure the most "clicky" tactile and precise actuation during your gaming session.

*CHERRY MX Ultra Low Profile mechanical switch is used on
Typewriter Keys with 1x1 and certain larger size keys.

CONTROL 

CONTROL 

SHINING IS JUST THE NEW MUST PER-KEY RGB GAMING KEYBOARD

Through per-key illumination of the keyboard, you will receive real time game status updates such as ammo levels and health levels. This keyboard is ergonomically-designed with 1.7mm of key travel for better responsive and tactile feedback, optimum WASD zone, mechanical-level shielding for solid feedback, and many more features gamers need to gain full control over their game.

LIGHT UP WITH GAMING STYLE

Enjoy the colorful light that shines with the new 24-Zone RGB Keyboard. This cool and stylish controllable professional gaming keyboard has transparent WASD keys and special-designed keycaps, helping those who love FPS shooting games or RPG (role-playing games) to control more conveniently with style!

*This specification may vary by model.

RGB ECOSYSTEM GET HYPED WITH THE GLOWING VIBES

Showcase your ultimate RGB gaming theme with Titan Series. The brand new Seamless RGB Touchpad powered by Mystic Light lights up the whole touchpad area, with virtually endless combinations in multiple colors.

*Lighting effects are only for illustration. Actual effect may vary by software.

GAMING SERIES

MSI Center

MSI CENTER GET ALL THE BUFFS FOR RAIDING

reddot winner 2022

The exclusive MSI Center helps you control and customize your MSI laptop the way you want. This award-winning software is smarter, faster, and more personal. Enjoy monitoring, adjusting, and optimizing in this unified center.

FLEXIBLE USER INTERFACE DESIGN

Intuitive design makes it easy to switch the UI skin, adapting to suit various appearances and user preferences. Or try the dark mode that's easy on the eyes when in dark environments.

MSI COMPANION

Gamers need to monitor computer status and tweak settings in real-time keeping the game fluent. With this utility, gamers can easily monitor and tweak by pressing WIN+G to activate the on-screen-display interface during the game.

USER-FRIENDLY FEATURES SET

MSI Center integrates many useful utilities, users can choose each feature according to what they need within the modular design interface. Moreover, with MSI recommended system which looks into user scenarios, users can select needed features more easily and exactly.

KEY FEATURES

Gaming Mode | Smart Priority | User Scenario | General Settings
Game Highlights | True Color | Smart Image Finder | MSI Companion
Noise Cancellation | System Diagnosis | Hardware Diagnosis

CreatorPro M16 HX C14V

Creator M14 A13V

Creator Z17 HX Studio is the world's 1st 17-inch Laptop to Support Pen Touch

MSI has surpassed the industry standard, and has conducted many experiments on the distance of the sensor pitch size and the glass thickness for touch screens. Resulting in the final and best configuration for INK accuracy on the Creator Z17 HX Studio.

Spectacular Visual Experience

Visualization matters, especially for content creations. The exclusive True Pixel display delivers true-to-life images. Highlighting five significant features – QHD+ resolution, Delta E<2, True Color Technology and Verified by CalMan– tools necessary for creative work, design, photo and video editing.

* Display accuracy and Delta-E value may change over time as displays age due to normal wear and tear. Periodical color calibration is recommended for optimal color accuracy.

2560X1600

Per-unit Factory Calibration

Color Accuracy

Verified by industry leading color calibration solution provider.

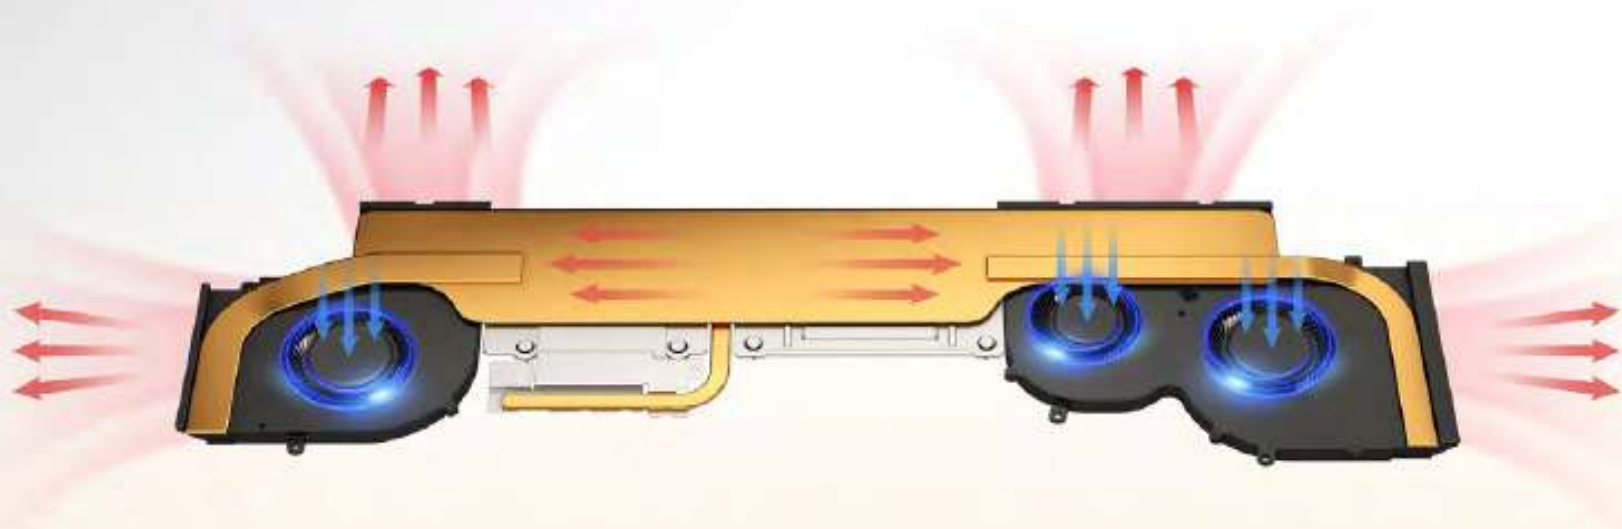

Vapor Chamber Cooler

Vapor Chamber Cooler

With the exclusive Cooler Boost Technology, the brand-new Vapor Chamber Cooler design is a vital part of Creator Z17 HX Studio. The larger heat capacity reduces the noise and temperature, keeping performance stable while using high-demanding software.

The enlarged heat capacity reduces noise and temperature significantly, and maintains performance stability while using high-demand software.

Dissipate Heat More Efficiently

The Vapor Chamber Cooler has a larger dissipating surface area, allowing heat to spread multi-directionally and in a more even, faster, and efficient way.

Temperature Will Vary More Steadily

Since the vapor chamber has a larger heat capacity to store excess heat, the temperature will vary more steadily. Which helps to avoid throttling and keep performance stable.

Less Noise

With temperature ranging more steadily, the fans will not need to circulate as much or create as much noise.

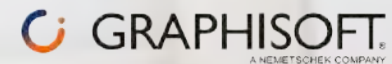

CPU and GPU Share One Cooling System

The CPU and GPU share the same cooling system, enabling either processor to take advantage of the entire cooling system for more efficient usage.

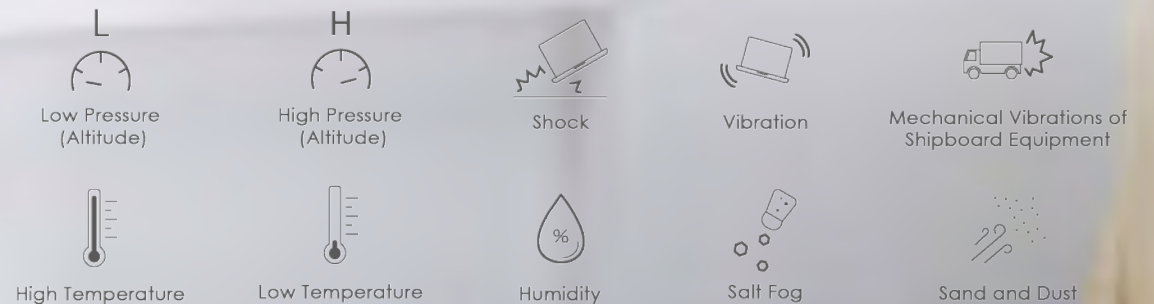

Ultimate Compatibility

MSI CreatorPro are ISV certified systems. Officially recognized and certified by major ISVs in engineering, 3D modeling, design, and more. MSI workstations are guaranteed to offer an unmatched professional experience with applications in Adobe, AutoDesk, Dassault, etc. There is no comparison out there.

Laptop Reliability Matters

Product material, reliability, and durability all matter to MSI. To provide the best in class laptops for all kinds of professionals, MSI laptops go through rigorous and extensive testing. Laptops are tailored with professionals in mind and for those that have an exploratory drive. MSI laptops are highly reliable and support you as you continue to pursue your passions.

Aesthetics in Design

Based on its people-centric design philosophy, the Creator Z17 HX Studio combines rounded and fluid form with sleek edges, not only merging both postmodernism designs on its appearance of the product, the 16:10 display also echoes the Golden Ratio 1.618 - the perfect ratio considered as the law of beauty.

In a variety of light, the Lunar gray color on Creator Z17 HX Studio changes like the phase of the moon, giving its subtle yet gorgeous details.

Tech meets Aesthetic

Golden Ratio – The foundation of Aesthetic

The finest creations are often based upon precise calculation and design. Some of the most representative works come from the Renaissance, the era that's known for mathematic and geometrical beauty formed by the "Golden Ratio". Golden Ratio comes from Fibonacci sequence, which is formed by Pythagoras, one of the famous Ancient Greek Mathematician.

Each number in the Fibonacci sequence is the sum of the previous two numbers. And the ratio of any two adjacent numbers is close to 1.618, this perfect formula is considered the law of beauty and applied in our modern architecture and art creations.

CreatorPro M16 HX C14V

Mobile Workstation for Professional

Business & Productivity Laptops

Productivity Starts Here

From upgraded performance to privacy updates, MSI Business and Productivity laptops provide ultimate experience for diverse business and daily scenarios. Devoted to increase working efficiency of professionals from different fields, MSI offers a versatile product line to fulfill expectations of a reliable business partner.

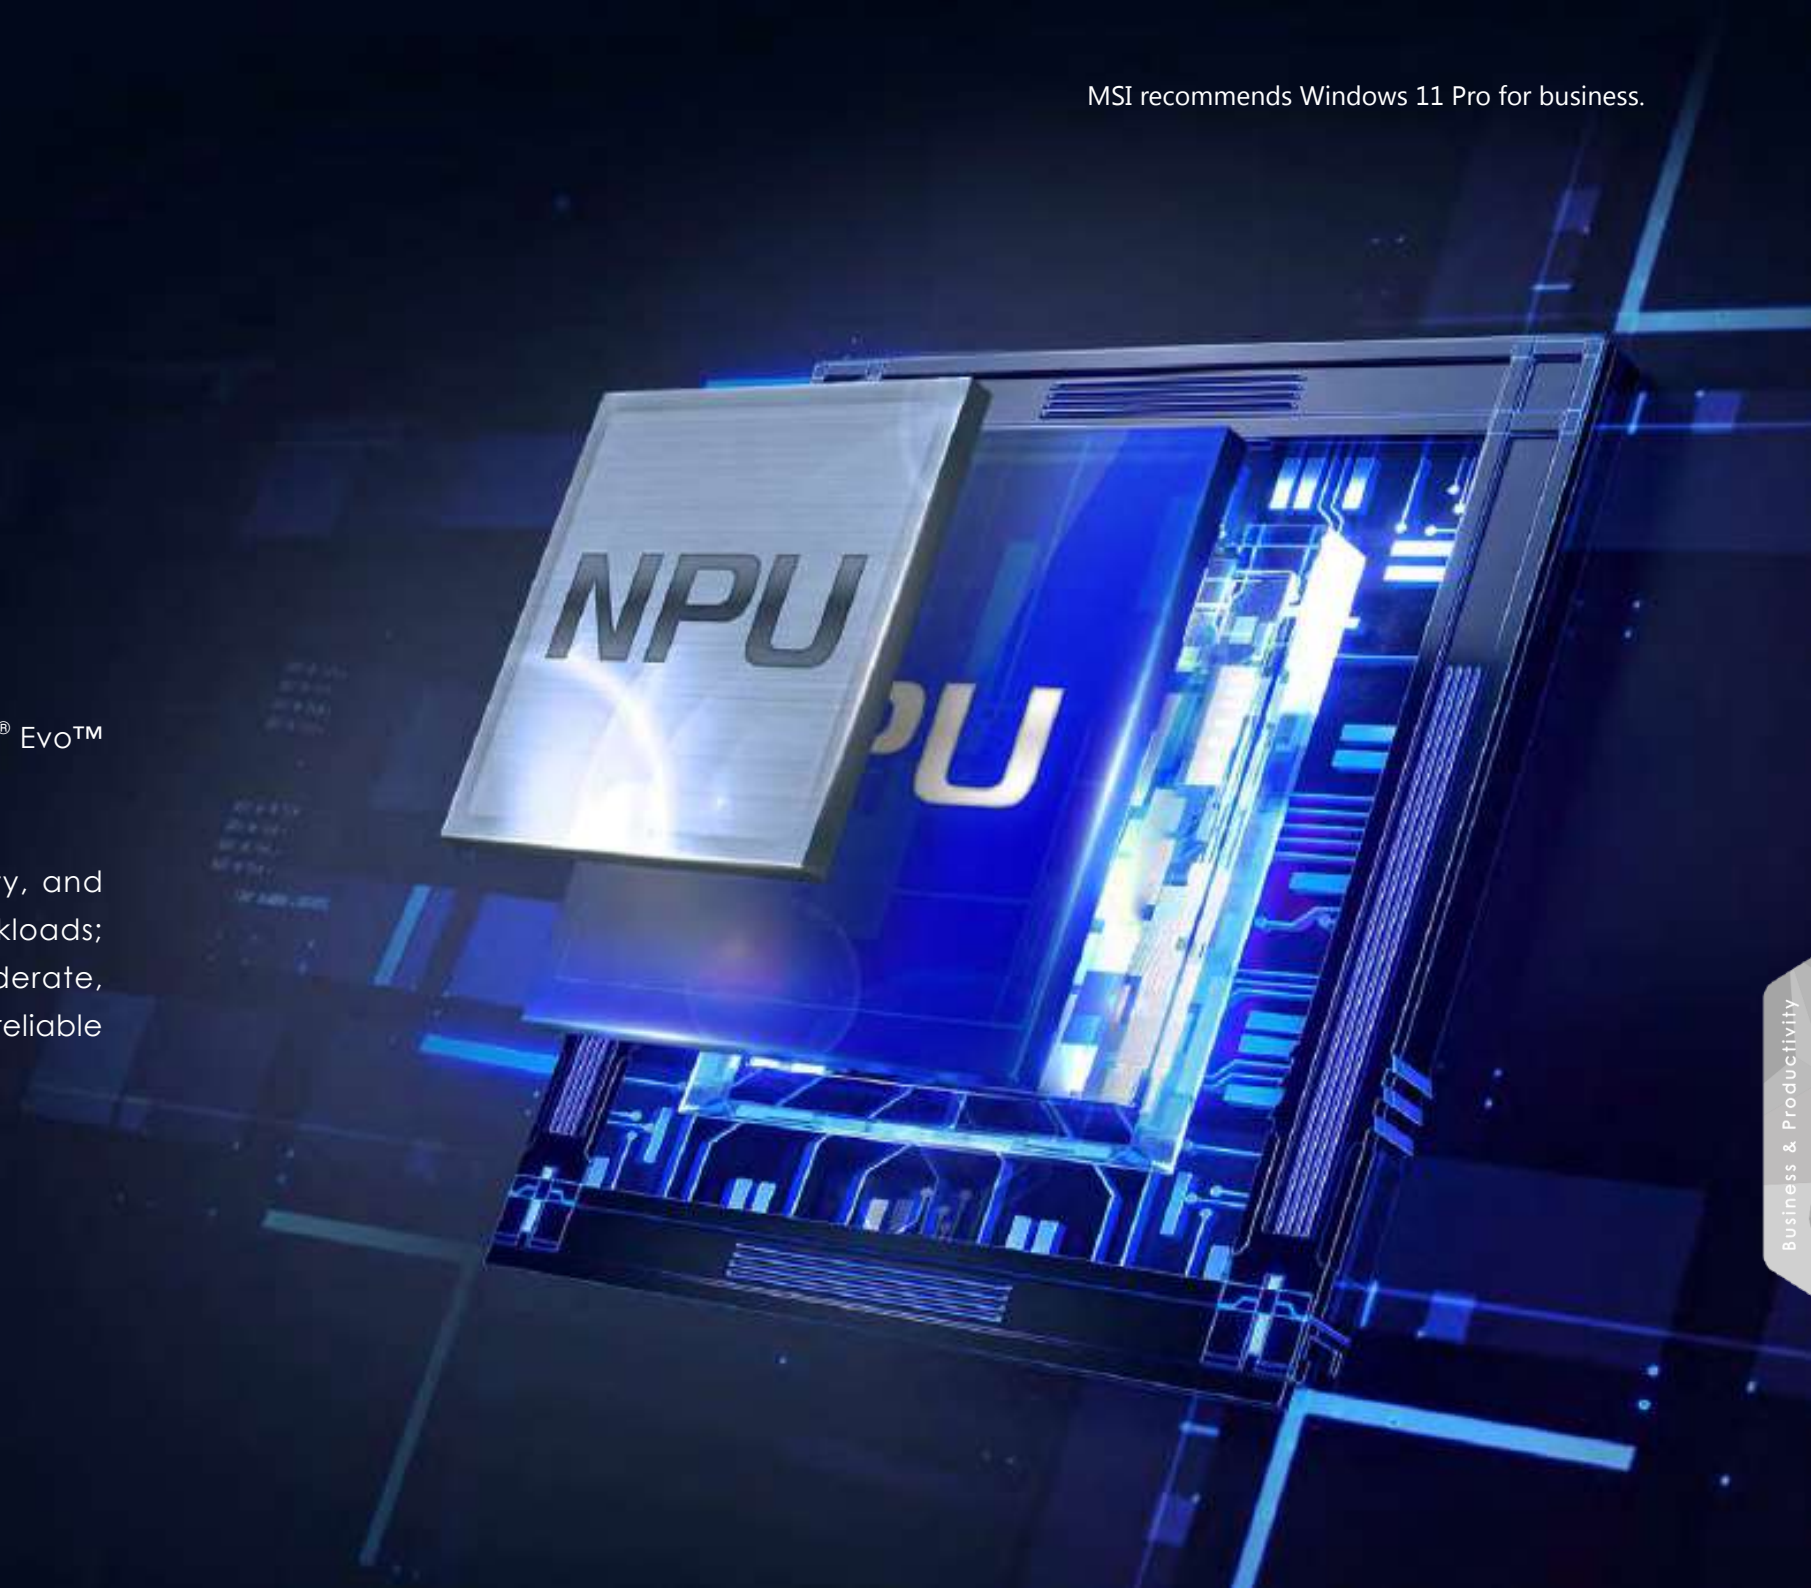

Intel® Evo™ Edition Laptop New Experience. Powered by AI.

Bringing the most enjoyable workflow of premium laptops together with Intel® Evo™ Edition and Intel® Core™ Ultra Processors.

Intel® Evo™ guarantees outstanding performance, on-the-go productivity, and long-lasting battery life. The latest Integrated NPU also handles more workloads; it is the best choice to accelerate AI programs for sustained, power-moderate, intensive applications. Extend your productivity with the most powerful and reliable performance on the go.

Dynamic Colors. Brighter Idea.

Visualize your creatives through a vibrant OLED panel. Producing the pure blacks and brightest whites, its high contrast colors brings both video and image to life. The 16:10 aspect ratio gives you the power for a more spacious workspace and a comfortable visual experience especially during long term use. *This specification may vary by model.

Charge and Go

The latest 140W PD 3.1 fast charging, the maximum charging voltage is update from 20V to 28V that keep your mobile devices stay productivity and powered even when you're busy on work and don't have much time to charge, offers a highly portable and efficient fast charging solution than normal daily laptop.

*This specification may vary by model.

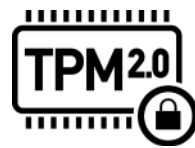

MSI recommends Windows 11 Pro for business.

Sign-in using Windows Hello by showing your face or using your fingerprint for an easy and secure access.

TPM 2.0 Enterprise-Grade Security

Trusted Platform Module (TPM) technology is designed to provide hardware-based, security-related functions. You can store data & password by encryption keys for advanced security.

Light, Elegant and Portable

The Prestige 13 AI Evo A1M is the perfect on-the-go, lightweight laptop ensuring maximum portability and productivity. Crafted in a magnesium-aluminum alloy chassis via Thixomolding with ATT (Advanced Thixomolding Technology). This advanced manufacturing technique optimizes the mold injection process to achieve a seamless metal body, redefining strength and durability.

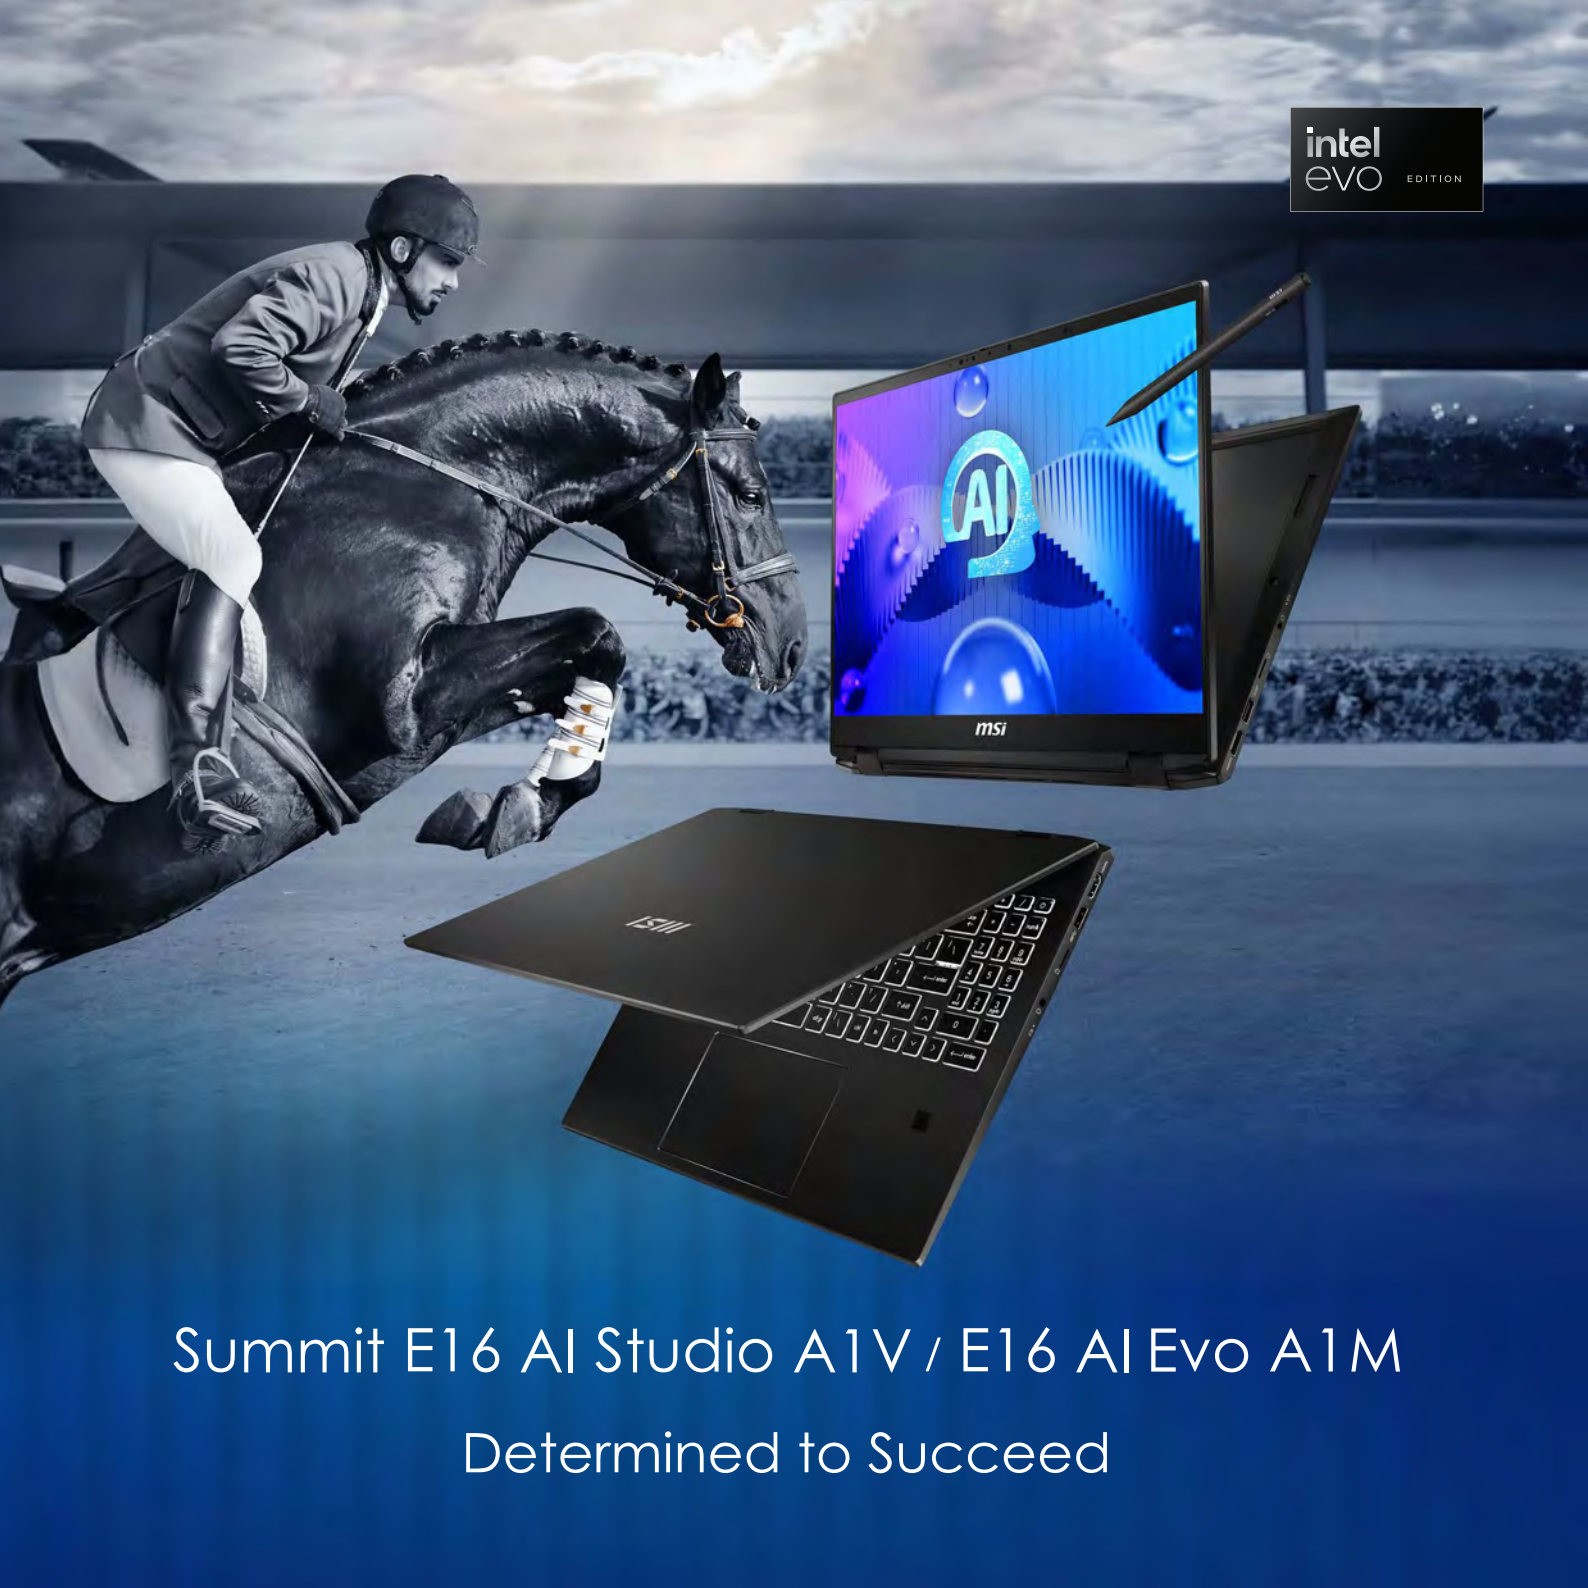

MSI recommends Windows 11 Pro for business.

Built for Sustainability

The Commercial 14 H blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. By utilizing green material, PCR (Post-Consumer Recycled) plastic, ensures not only the products' durability but also commits to a greener world.

Summit E16 AI Studio A1V / E16 AI Evo A1M

Determined to Succeed

MSI recommends Windows 11 Pro for business.

Model Name	Summit E16 AI Evo	Summit E16 AI Studio	
	A1MTG	A1VFTG	A1VETG
Processor	Up to Intel® Core™ Ultra 7 processor 155H		
Operating System	Windows 11 Home / Windows 11 Pro (MSI recommends Windows 11 Pro for business.)		
Memory	LPDDR5 onboard, up to 32GB, dual channel		
Display	16" QHD+ (2560x1600), 16:10, Touchscreen, 165Hz Refresh Rate, 100% DCI-P3(Typical), IPS-Level panel, Support MSI Pen 2		
Graphics	Intel® Arc Graphics	NVIDIA® GeForce RTX™ 4060 Laptop GPU 8GB GDDR6	NVIDIA® GeForce RTX™ 4050 Laptop GPU 6GB GDDR6
Storage Slot	1 x NVMe M.2 SSD by PCIe Gen4 x4		
Input	Single Backlit Keyboard (White)		
Security	Discrete Trusted Platform Module(dTPM) 2.0/ Fingerprint Reader / IR Webcam / Webcam Shutter		
Sensor	Ambient Light Sensor / Gyroscope / Accelerometer / Magnetometer / Proximity Sensor		
Communication	Intel® Killer™ Wi-Fi 7 BE1750, Bluetooth v5.4		
Audio	2 × 2W Speakers / 1× Audio combo jack / DTS Audio Processing / Spatial Array Microphone (3 Mic) / Hi-Res Audio Ready		
I/O Port	2 x Thunderbolt™4 / DP/ USB Type-C (w/ PD 3.0 Charging), 2 x USB 3.2 Gen2 Type-A 1 x microSD Card Reader, 1 x HDMI™ 2.1 (4K@60Hz)	1 x Thunderbolt™4 / DP/ USB Type-C (w/ PD 3.1 Charging), 1 x USB 3.2 Gen2 Type-C / DP (w/ PD 3.0 Charging) 1 x USB 3.2 Gen2 Type-A, 1 x microSD Card Reader 1 x HDMI™ 2.1 (8K@60Hz / 4K@120Hz)	
Battery	4-Cell, Li-Polymer, 82Whr	4-Cell, Li-Polymer, 82Whr	
Adapter	100W Type-C PD	140W Type-C PD	
Webcam	IR FHD type (30fps@1080p) with HDR & 3D Noise Reduction+ (3DNR+)		
Dimension	358(W) x 258.55(D) x 16.9~17.35 (H) mm		
Weight	2.1 Kg		
Color	Ink Black		

- Exclusive Features
- 1.MSI Pen 2 with MPP2.6 support offering 4096 level pressure sensitivity and MSI exclusive graphite pen tip.

2. Latest Wi-Fi 7 for redefined internet experience with higher bandwidth and lower latency.

3. Tobii AWARE provides active screen privacy protection and extra security.

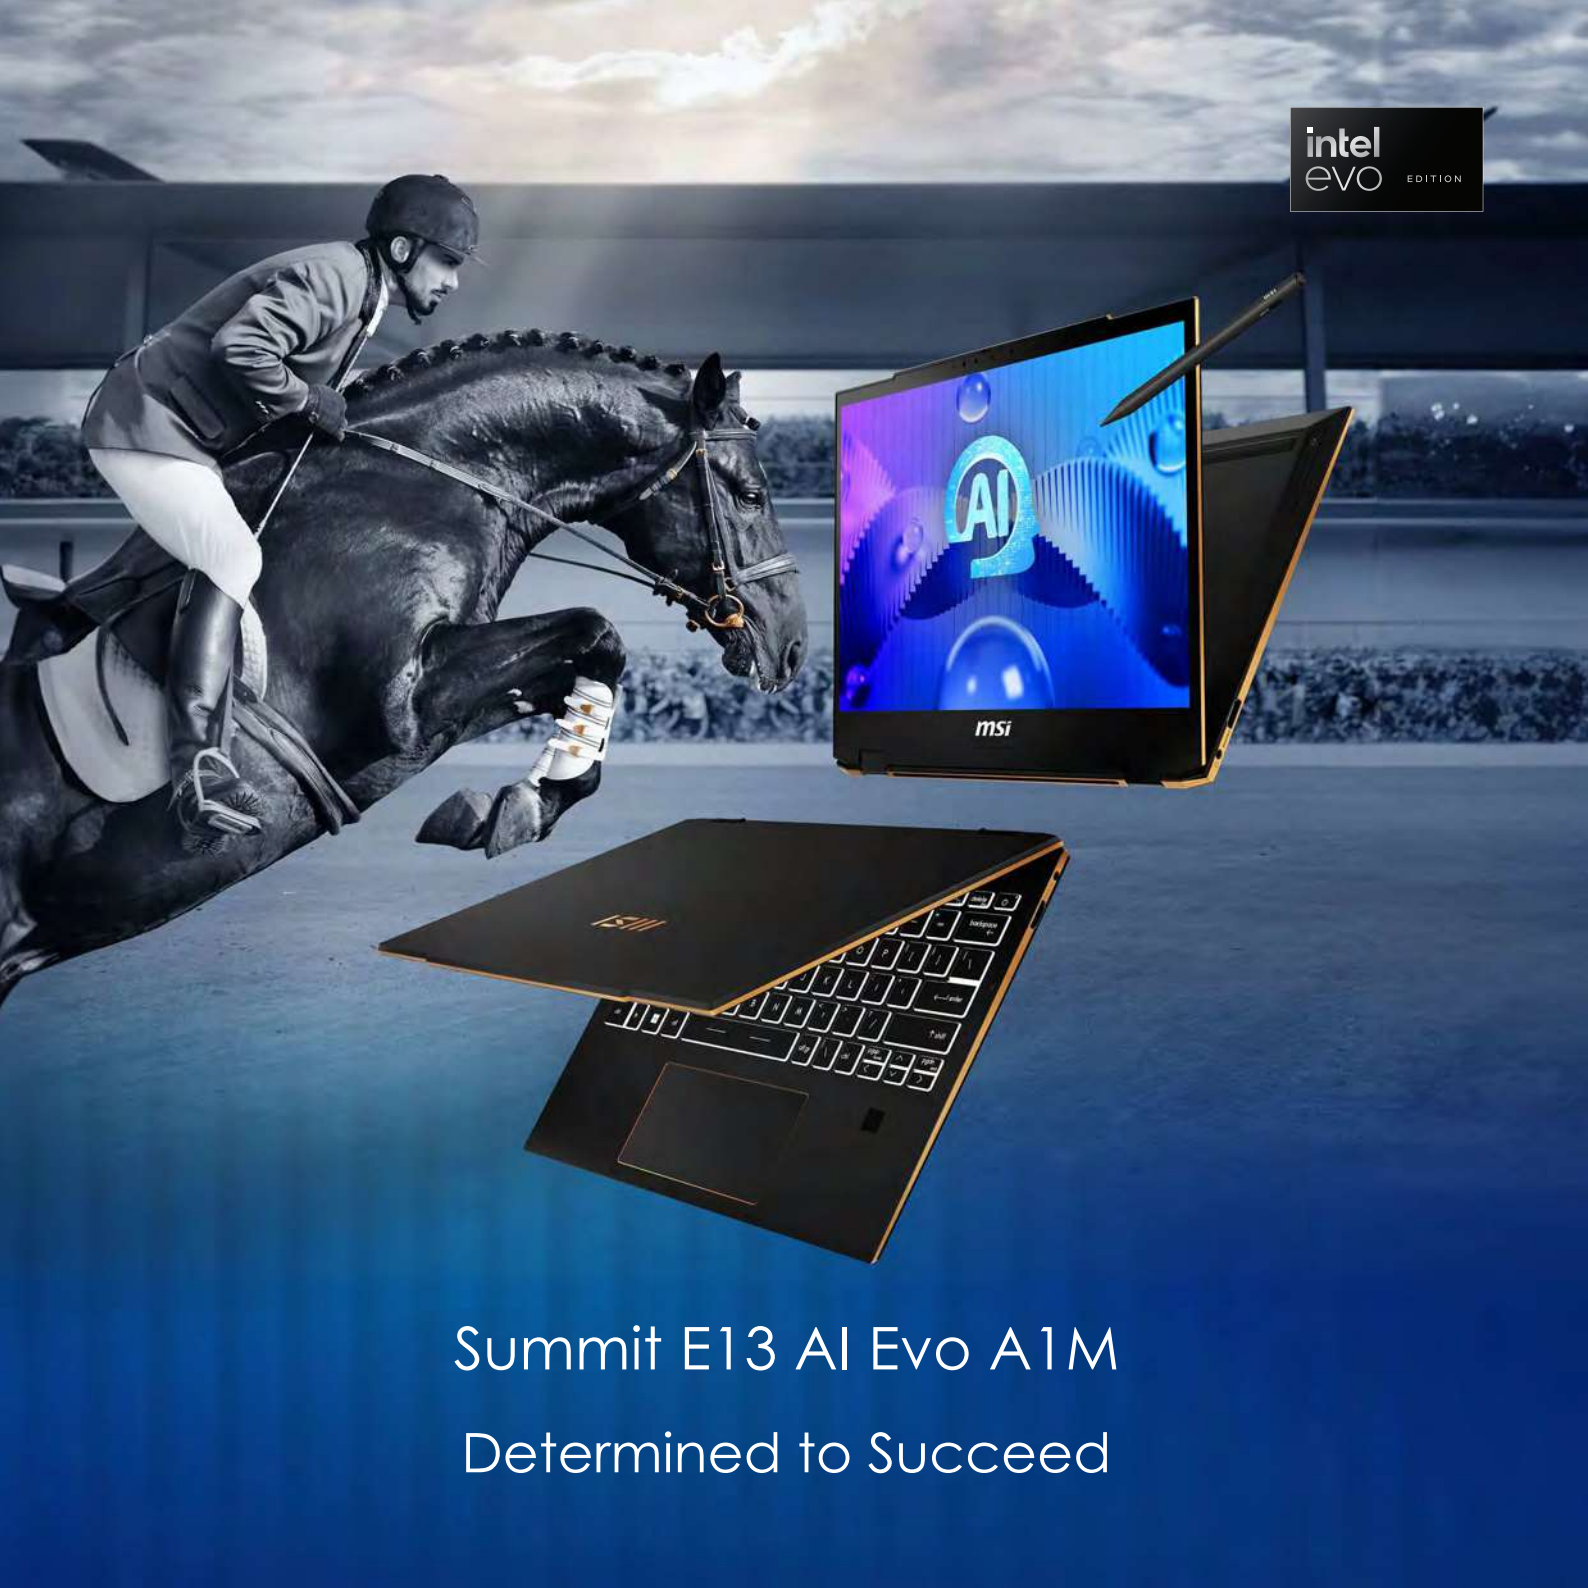

4. Trusted Platform Module (TPM) 2.0 technology is designed to provide hardware-based, security-related functions.

5. Exclusive Dynamic Cooler Boost with 2 fans 5 pipes maximizes heat dissipation for both CPU & GPU, while maintaining less than 35dB background noise.

6. Through MSI AI Noise Cancellation Pro, the spatial 3 microphones design can filter 360 degree or directional sound.

7. NVIDIA® Studio approved with GeForce® Graphics unleashes full performance for laptop.(Summit E16 AI Studio)

MIL-STD 810H or MIL-STD 810G testing is conducted on select MSI products. The testing is not a representation of MSI products satisfying U.S. Department of Defense (DoD) requirements or for military use. Validation process is done in laboratory conditions. Test results do not guarantee future performance under these test conditions. Damage under such test conditions is not covered by MSI's standard warranty.
